

**PRINTS LIKE MONO LASERS,
BUT OVER 23X CHEAPER¹.**

Efficiency meets economy with the EcoTank monochrome M1100, M1120 printers. Look forward to lower business costs with bottles that provide an ultra-high page yield of up to 6,000 pages² each. Simplify processes with integrated ink tanks that enable spill- and error-free ink refilling, and enjoy laser-quality text that is smudge-proof and water-resistant with the pigment ink. What's more, the M1120 brings convenient printing with wireless connectivity. Whatever the printing need, there's an Epson printer that meets the requirements.

*1 Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

#1
Black Text
and graphics

*2 Default mode in accordance with ISO7779 for MFPs

*3 Quoted yields are based on the ISO 24711/24712 patterns of mixed text and black-and-white graphics with Epson methodology. Quoted yields are based on the replacement ink bottles purchased. For print quality, part of the ink from the included bottles is used for printer startup so yields could be lower than those of replacement ink bottles. Actual yields will vary due to reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently. Ink is used for both printing and printhead maintenance.
